

I feel that if I have asked to be placed on a Do Not Call list, that I mean exactly that. I do not want to be contacted by ANY telemarketers, even if I have purchased or done business with them in the past 18 months. The fact that I have done business with a company DOES NOT give them the right to call me to solicit more business. I find it extremely intrusive and obnoxious to receive telemarketing phone calls on my home phone and business phone at all hours. Since I have signed up for the Do Not Call list, the amount of calls from telemarketers had dropped from over 10 PER DAY to one in a couple of months. I also found it extremely annoying to have to have telemarketing calls begin as early as 7AM and as late as 9:30 PM, INCLUDING Saturday and Sundays!

The Nationwide Do Not Call list should become at least as restrictive as New Jersey's Do Not Call list. Telemarketers are a blight that need to be stopped. If only the FCC would leave the NJ law alone and focus its efforts on the heinous Spammers, instead of wasting its time on mollifying a bunch of cry babies.
